Dear George:

A review of your overtime authorizations for System Two indicates expiration for R and D on March 18th, and for manufacturing on May 27th. Due to the delay in the program, we would like to extend these coverage dates to June 30th, and August 31st, respectively.

It does not appear at the present time that we will require any additional dollar authorization for non-exempt overtime. However, authorization is requested for an additional 2,100 hours of exempt overtime, amounting to \$ 3,255.00, as a result of the extended time schedule.

Sincerely,

Bob
